MMS / EQUIPMENT BUYING GUIDE

Equipment handover buying sheet

Agree the journey from receipt to authorized use before equipment ships. One record should connect the delivered serial, promised configuration and the people responsible for acceptance.

START HERE

Attach a staged handover schedule to the order: receipt, installation, technical acceptance, user preparation and authorization for use. Give every stage an owner and required evidence.

PAY MORE WHEN

Pay for specialist installation, acceptance support or additional training when the receiving hospital lacks the necessary qualified capacity.

WATCH THE BUDGET

Include site work, travel, repeat visits, missing accessories, storage and interim service while any delivery issues are corrected.

CHECK THE SUPPORT

Record warranty start conditions, claim contacts, manuals, training attendance and the first maintenance action. Keep unresolved items open until their evidence is reviewed.

THREE QUESTIONS FOR THE SUPPLIER

1. Who will deliver each installation and acceptance report?

2. Which event starts the warranty?

3. Who pays for corrective work and repeat visits?
